Spirited Leadership in School System

The Highland School Board of Education--Raymond Grandstaff was not present when the picture was taken.

Glen Moss--Superintendent Highland Local Schools. As educational leader of our area, his job is to carry out policies of the Board, and to recommend further plans to the Board.

Norris Simpson--Highland Principal. His immediate responsibilities include complicated aspects of organization, direction, and supervision of all school operations.

Foreword

We, the staff of the '68 Highlander, would like to dedicate this book to the Highland High School Spirit. This year hearts soared to the racing beats of spirit.

Even before the first football game, you could sense the quickening tempo of the spirit of the student body. As the athletic seasons continued on through football, basketball, track, and baseball, the enthusiasm reached an all-time high. The interest and loyalty expressed by the student body proved to be infectious to the followers of the Fighting Scots!

The 1968 Highlander salutes the coaches and teams for their indespensable and untiring role in developing the newly inspired Highland Fighting Scot Spirit!!

SPIRIT—THE ESSENCE OF MEMORY

Memory is the golden bridge
That keeps our hearts in touch
With all the long-past yesterdays
And things we loved so much.

Indeed it is the bridge of gold
That binds the past sublime
With happiest recollections
That join the hands of Time!

WIN THIRD PLACE IN MID-OHIO LEAGUE

Autumn Friday nights brought out fans from all over the area to back the Fighting Scots. The Scots, under the direction of Head Coach, Paul Adams, finished the season with a 6-2-1 record mark and the Third Place in the Mid-Ohio Conference League.

Some of the accomplishments included the first Highland Homecoming Victory and a five-game winning streak!

Conference Honors went to Don Davidson, Gene Kanagy, and Bill Irvine who made the First Team of Mid-Ohio League for 1967.

Don Davidson was also a 1966 member of Mid Ohio First Team. He was named the Leading Scorer for Mid Ohio, 1967, receiving Honorable Mention on the All-Ohio Team. Don was also chosen as a member of the First Team of All-Central Ohio for 1967.

Wet, but Happy Homecoming Queen

Our 1967-68 Homecoming Queen, Retta, smiles for her coronation photograph.

Retta, daughter of Mr. and Mrs. Oscar Noble, Route #3 Mt. Gilead, Ohio, reigned supreme over a Homecoming scene that proved rather damp.

She is active in Student Council, and is a four year student of business education.

The Homecoming scene was wet and muddy, but was brightened up by the presence of the queen and her beautiful court.

A lot of time and effort was put forth by the Seniors to make Homecoming night a memorable one. We feel that they succeeded because it was just that.

Last year's queen, Diana Bushong, placed the crown upon the head of Queen Retta. Faithfully performing despite the rain, was our colorful band. A little rain couldn't dampen the hearts and spirit of our student body and friends.

Smiling Queen "Retta" and Senior Attendant Gay are escorted by team captains Davidson and Throckmorton.

and Court Take the Spotlight

The assembly of attractive girls lent a bright note to the dismal weather and helped encourage our team to a 28--0 victory over Big Walnut.

The Court and friends are seen covered with plastic for protection from the rain that poured as usual!

A misty-eyed Retta is crowned by 1967 queen, Diana Bushong.

Operation—Pep-Rally Day

Wildfire at Night.

On the cold tangy eve before Homecoming, a super-glowing Bonfire set off the jet action for an all-day expression of our intense feeling of loyalty and support for our teams and school.

During the day everyone reached the point of "organized confusion". Hats, spirit jugs, and cheers rang long and loud through the corridors, and even the classrooms.

"Highland Fever" reached a new high on this great day of days.

A jubilant Linda accepts her Cheerleader Award.

Top Eight Receive Awards for Overall Best Performance.

Highland Scotties finished their football season with a 6-2-1 record and were honored by their Booster friends.

The Highland Cross-Country team--a beginner this year, also received recognition for a job well done.

Mr. Elmer Boyd served as master of ceremonies and Dr. Jerry Walke, Dean of Men at Urbana College, spoke on the value of athletics. He left us with this statement: "Don't spend most of your time looking for an excuse not to win; not only now, but later on in life."

Varsity awards were presented by Head Coach Paul Adams. Coach Dan Dewald of Marengo presented Reserve awards. Coach Marshall honored the Freshmen team with their awards.

Special honors went to Jerry Perkins and Gene Kanagy for best Offensive linemen, Jack Martin and Ron Davidson for Defensive linemen, Bill Young and Don Davidson--best defensive backs, Ed Throckmorton--best blocker, and Bill Irvine--best linebacker and leading TMB.

Miss Kay Cross recognized the cheerleaders and Coach Bruce Jones presented awards to the Cross-Country team.

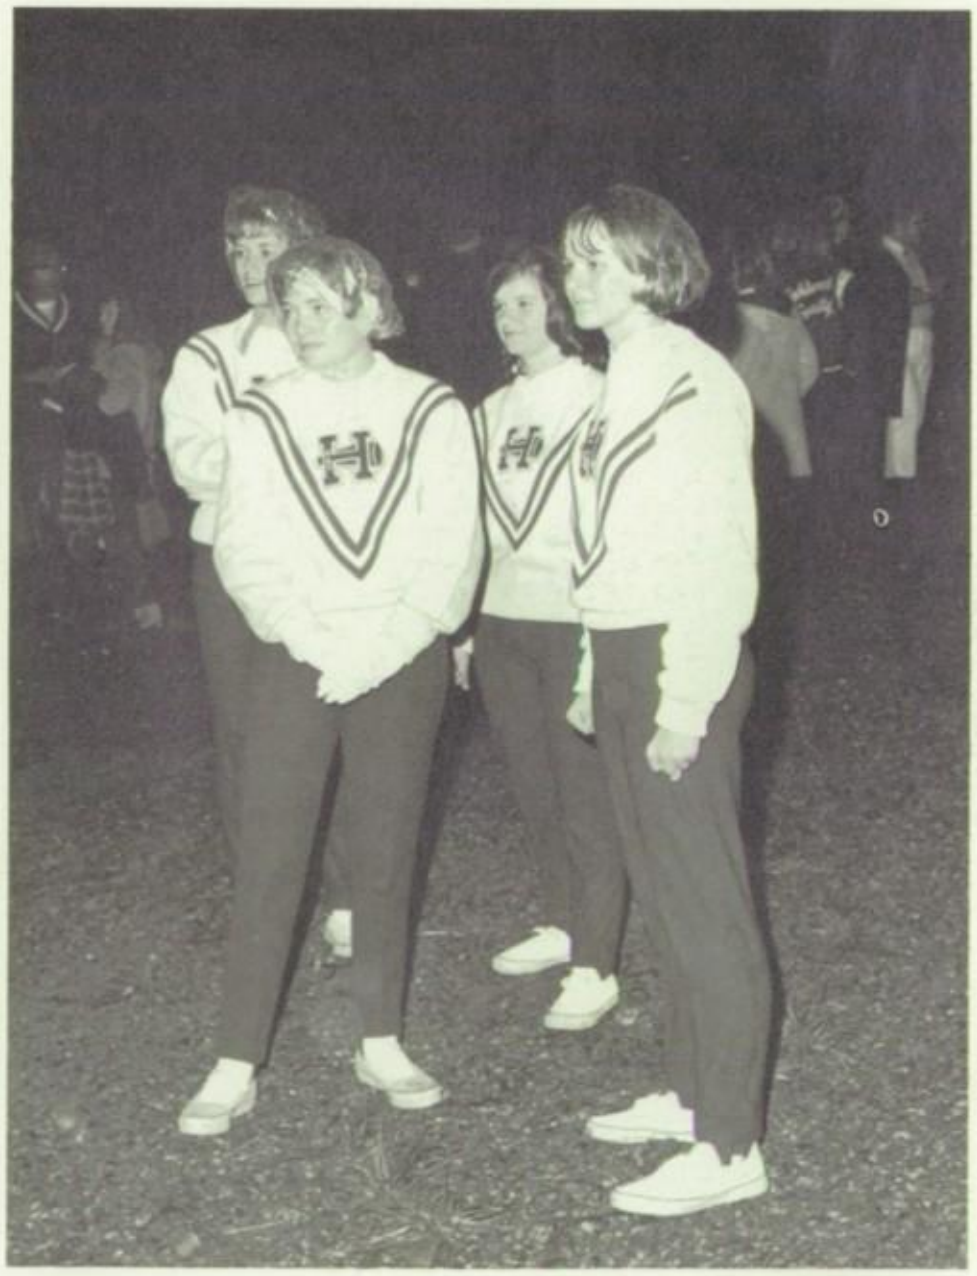
"Go! Scotties! Go!"

The cheerleaders kindled the fires of enthusiasm at every opportunity and backed the team through both victories and losses. They encouraged good sportsmanship at all the football games and at the school pep rallies. They decorated the halls with signs encouraging the team on to victory. Their time and efforts were appreciated by the whole community.

School Spirit



"Get Witch Quick"

A GAY, BAFFLING MYSTERY

Undine paces the floor as she worries about grades.

(Belinda White)

What would you do if you were a college professor and walked into a room and found out your boss was a witch? And, as if that in itself isn't a shocker, that your students are witches, and your fellow faculty members belonged to the same classification? Well, it happened in the Junior Class Play to Steve Wharton, played by Tom Webb. He came out very well in the end, being only a little frightened, a little more believing in witches, and with a girlfriend, Junelle Kempt, played by Peggy Fisher. Also, a better knowledge of witchcraft was supplied to him by the students and faculty members of Craft College.

An exorcism performed by Mother Hecaty releases Junelle from an eerie spirit.

(Peggy Fisher)

PRESENTED BY JUNIOR CLASS

Psychadelic

The Lories furnish the beat for Becky as she swings out on the blues.

Note Donna and Bonnie the "Cage" girls who writhe in rhythm as their spirits soar.

Barb, Ron and Linda take a "trip" by song to that "other world"

Mini-skirted Kay communicates with the audience.

Jennie is the Harbinger of bright tomorrows.

Shindig

The Shindig Girls are "The Most!"

Glena Moss, a '68 pop artist, sings "Society's Child".

From the midst of flashing colored lights on glittering silver, came the sounds of the new generation as presented by the students of Highland. Sponsored by the Science Club, the scene was the "Psycadelic Shindig".

The talents of the students, backed by the Lorries, kept the night alive with the new beat. The audience was entranced throughout the evening with the rhythmic movement of the six go-go girls and the stories depicted by the singers.

Bob Rowe, our MC, really "Turned On" the show.

Tom Webb says, "and here are some other things to remember!"

GIRLS ATHLETICS

The G.A.A., under the sponsorship of Miss Cross, again took an active part in school life.

The organizing of the basketball, volleyball, and baseball teams kept the club active year round. Competition was keen between the members as they vied for positions on the teams.

Major money making projects during the year were the selling of Scottie Pillows, and Highland Sweatshirts.

The Jubilent Air of Christmas

Ho! Ho! Ho--says Santa V.

Faculty and Students swing out.

Christmas this year brought scenes of formal and gay moments. Moments that we will remember through the years. Who could possibly forget our Old St. Vaughn Nick as he brought gifts and tears of laughter our way? And the teachers welcome to the student body! Never havewe seen so many smiles from them at one time. The window display brought the touch of home into our school life and drew us together as one family.

The Christmas Concert emphasized and brought the realization of the true meaning of Christmas to us through the religious songs by the band and chorus. It was a perfect ending to a perfect season!

V-I-C-T-O-R-Y — That's the Scottie Battle Cry!

The 67-68 Basketball Season was an enthusiastic one due to our cheerleaders as they urged our team to victory. In their new outfits consisting of short sleeved blouses, hip stitched skirts, and navy vests, they were a "Scottie vision."

Such capability to yell came with practice from experience of a week at camp. Each morning they braved the dawn to learn new routines and compete for honors.

Enlivening our pep rallies were the skits presented by the squad. They were usually brief, comical, and inspiring. One such skit proved to be a mystery. No one on the team could find "Little Miss Victory." Where could she possibly be hiding? The answer came in a flash as Belinda, our Little Miss Victory, came forth from under the table, proclaiming her love for the Fighting Scots.

With Little Miss Victory cheering beside Kay, Belinda, Linda, Peggy, Linda, and Patti, our team went on from victory to victory, and the crowds roared their approval.

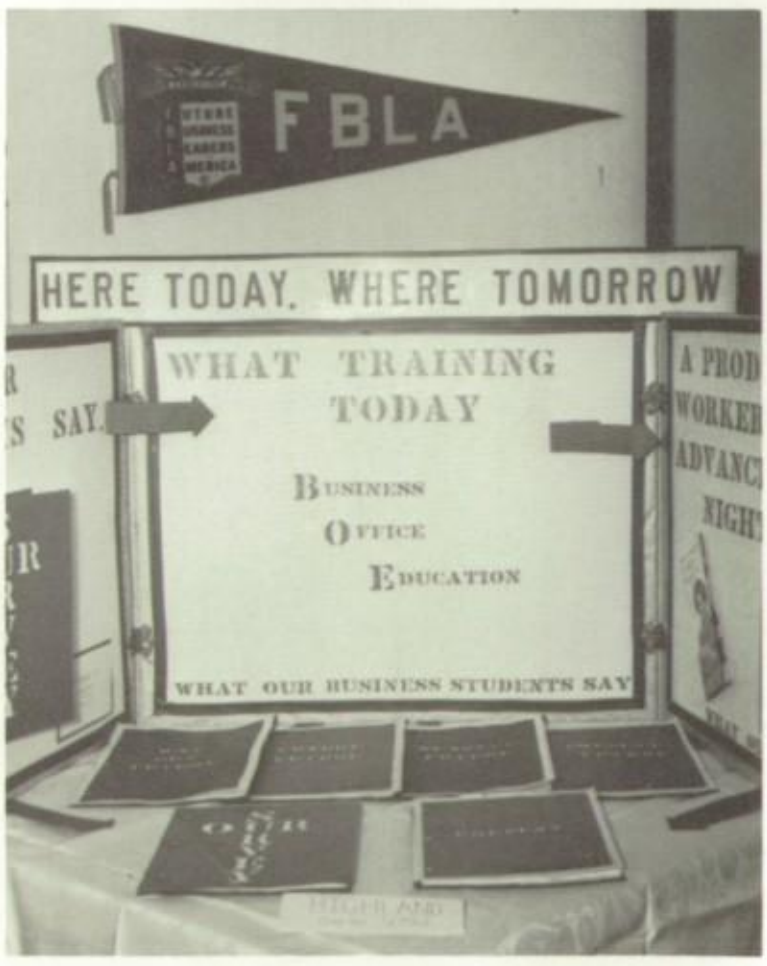
F.B.L.A. Wins Second Place Trophy



Winning exhibit from State Convention.

The purpose of the F.B.L.A. is to have a club for students who are interested in business, especially as a career.

The club has played an active part in the social life at Highland has represented our school at six conventions. They sponsored the Back-to-school Dance in early September, a Roller-Skating Party in February, and a fall party in which they joined with the Science Club at the home of Mr. & Mrs. Cherrington.

The main activity of the year was the State Convention in Akron, Ohio. Eight members and Mrs. Cherrington attended the convention which was held February 23, 24, and 25. Again they won a trophy, the Second Place Prize, for their Exhibit which was entitled "Here Today, Where Tomorrow".

The F.B.L.A. also participated in the District Skill Contests in November with a fair amount of success against their competitors.

English Department Creates Spirit in the Field of Literature

Mrs. Shirley Elford

Mrs. Mary Davidson

The objective of the English Department is to promote the growth of students' skills in communication, to foster appreciation of literature, and to acquaint students with their literary heritage. Mrs. Davidson and Mrs. Elford endeavor to increase proficiency in self-expression and in understanding the expression of others. They attempt to meet each student on his own level in language and reading skills and strive to stimulate each student to progress so that each has a satisfactory background for advancement outside of the school program.

Mrs. Spires, Special Advisor in Reading and Speech

The aims and objectives of this year's program is to teach the student to communicate effectively in all situations. New methods were incorporated. The students attended speech contests. They found this fun, but a lot of hard work. Those receiving honors were: Glenna Moss, who placed first in Original Oratory in Mansfield; and Linda Deffinger, who placed first in the Voice of Democracy at Highland.

The FTA placed an important role in school life this year as substitute teachers when they took over in the case of emergencies caused by the flu epidemics. Maintaining quiet and attention caused most members to quiver and shake with fear. Nevertheless, it was fun and many lessons were learned by the prospective teachers.

The sale of candy increased the "coffers", but just slightly, this year. It would be agreed that the FTA is indeed an important club in our school.

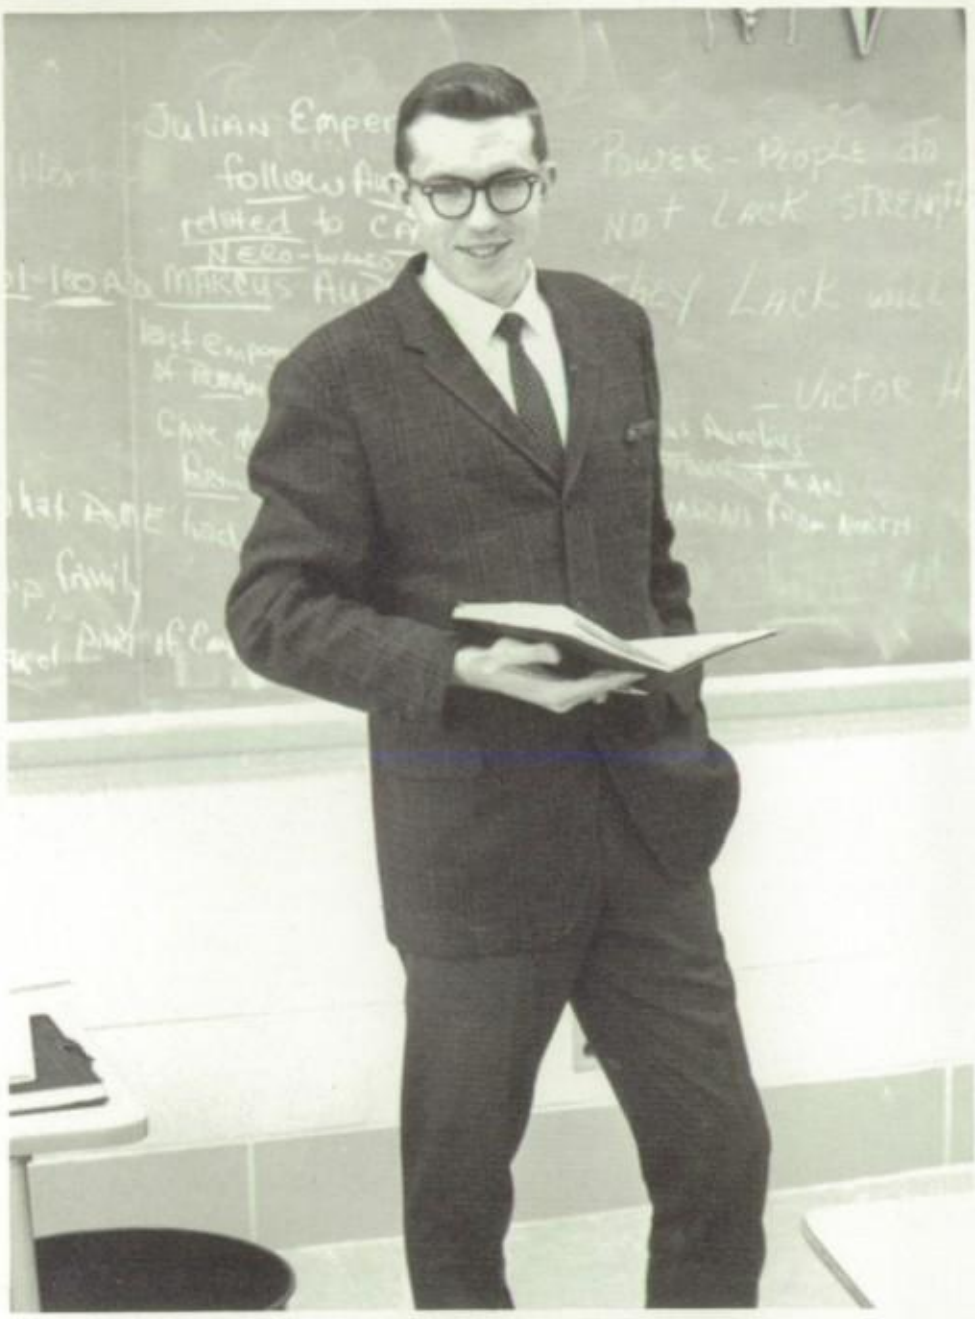
History Lives Forever



Mr. Jones brings history to life for us.

The World History Department is attempting to bridge the gap between the study of history and a deep investigation into the history being unfolded before our eyes everyday in the modern world. By a periodic survey of current trends in society through magazines, such as WORLD WEEK, perhaps this will make void the idea that history is a dull and antiquated subject. The Department hopes to make the study of world history meaningful to the student living in this ever-changing world.

Mr. Jones is trying to develop an appreciation in the students for the brotherhood of man through the study of man's growth and development from early primitive societies to our affluent society of today.

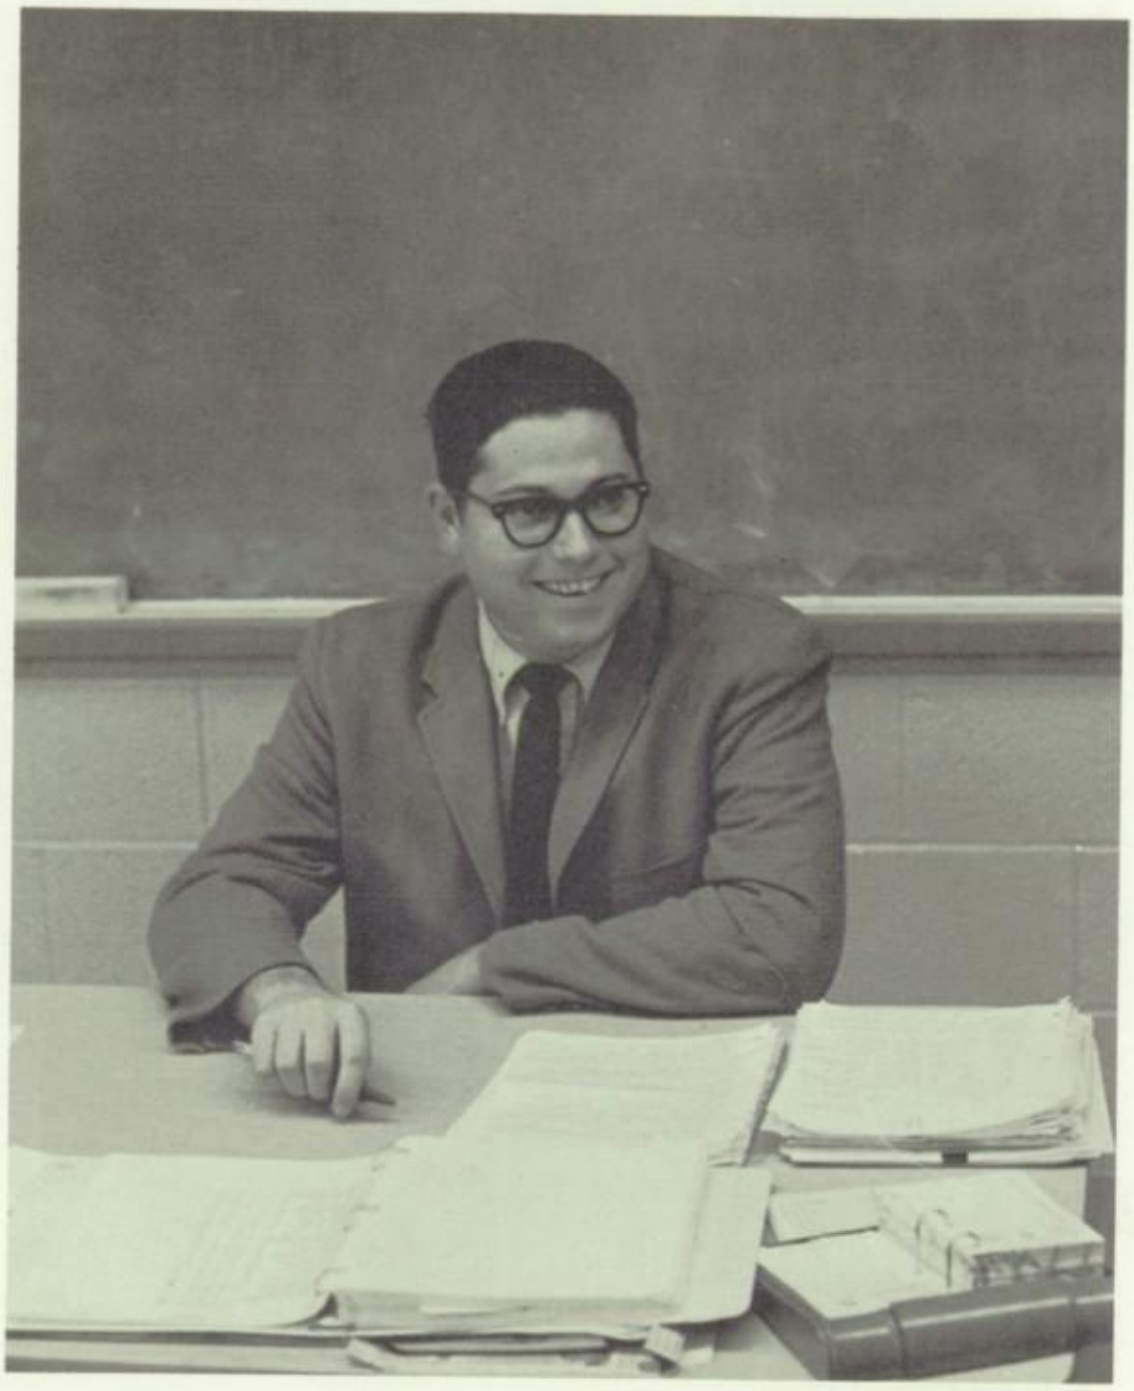
Randy Bush, a Sophomore at Highland, has grasped some of the understanding Mr. Jones is teaching. Randy received First place in the TIME MAGAZINE current Affairs Review Contest.

It is hoped that this understanding of history will be a tool in attacking the problems of tomorrow.

It takes concentrated effort to pass!

Active participation increases interest and enthusiasm.

Mr. Vaughn encourages and guides POD students.



Government is a difficult, but interesting subject.

Mr. Vaughn was born in Indiana, moved to Ohio, and graduated from Findley College.

He is using a new method of teaching which is proving quite effective. Instead of taking the chapter-by-chapter course from the text, we learn from what Mr. Vaughn has learned previously. We take notes on lectures he gives in class.

This method helps us understand government system as it is today. It brings us to a realization of all the struggles, sacrifice, and wisdom of the great men who gave us this democratic society which we cherish and enjoy.

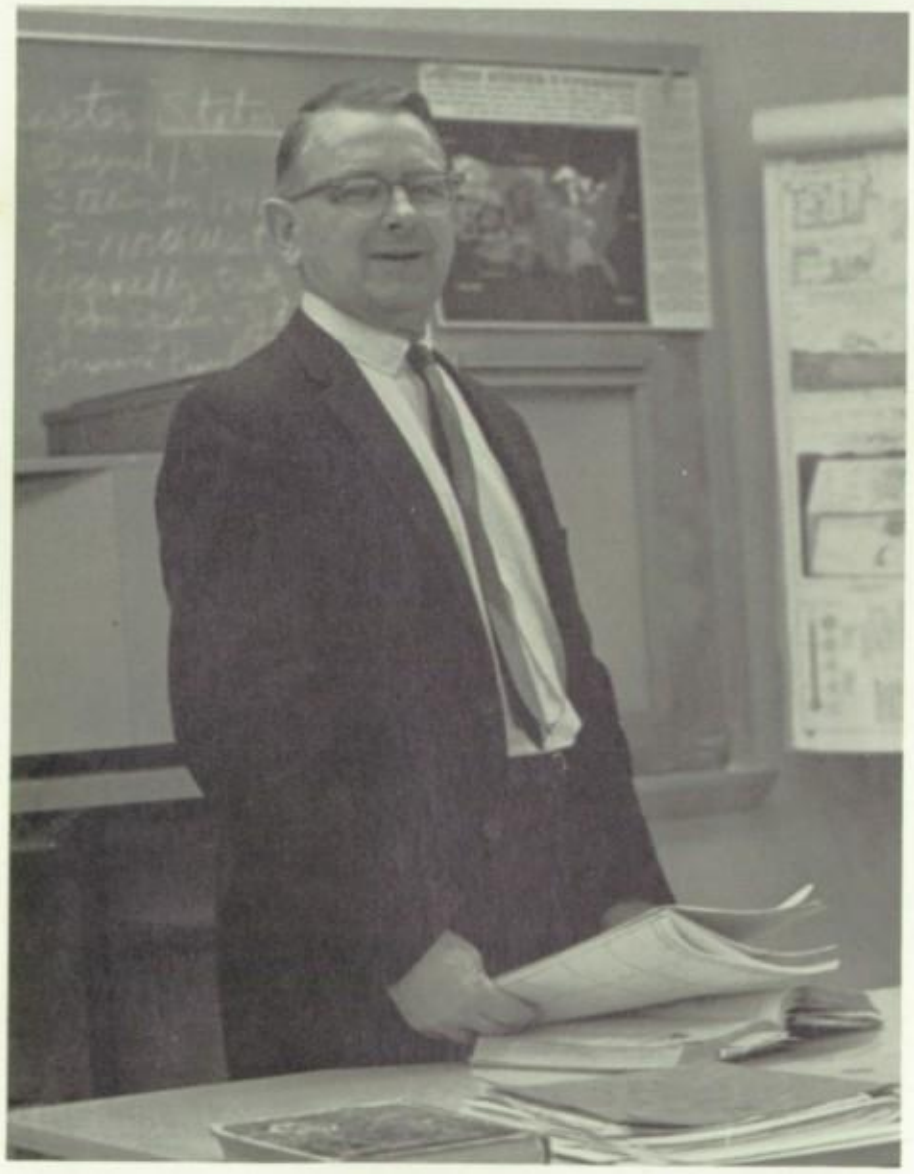
Science Develops Inquiring Minds

Mr. Cherrington performs a Chemistry experiment.



Mr. Throckmorton uses many concrete examples and displays.

The main objective of the Science Department is to develop inquiring minds along the lines of science and mathematics.

Mr. Cherrington and Mr. Throckmorton do their best to motivate this interest.

Mr. Cherrington probes the wonders of nature in his classes of Physics and Chemistry. During lab periods, students learn to question and to find solutions to their questions. Mr. Cherrington also teaches the science of Math in Algebra, II, Geometry, and Trigonometry courses.

Mr. Throckmorton involves the minds of his students in questions on their environment and general sciences. With the use of visual aids, he demonstrates answers to questions students may have. With careful study of demonstrations, the students can see, define, and solve problems for themselves.

Biology

To teach awareness and observation, Mrs. Fulton requires student field trips and experimental projects. The students collect insects and plants to use in the classroom.

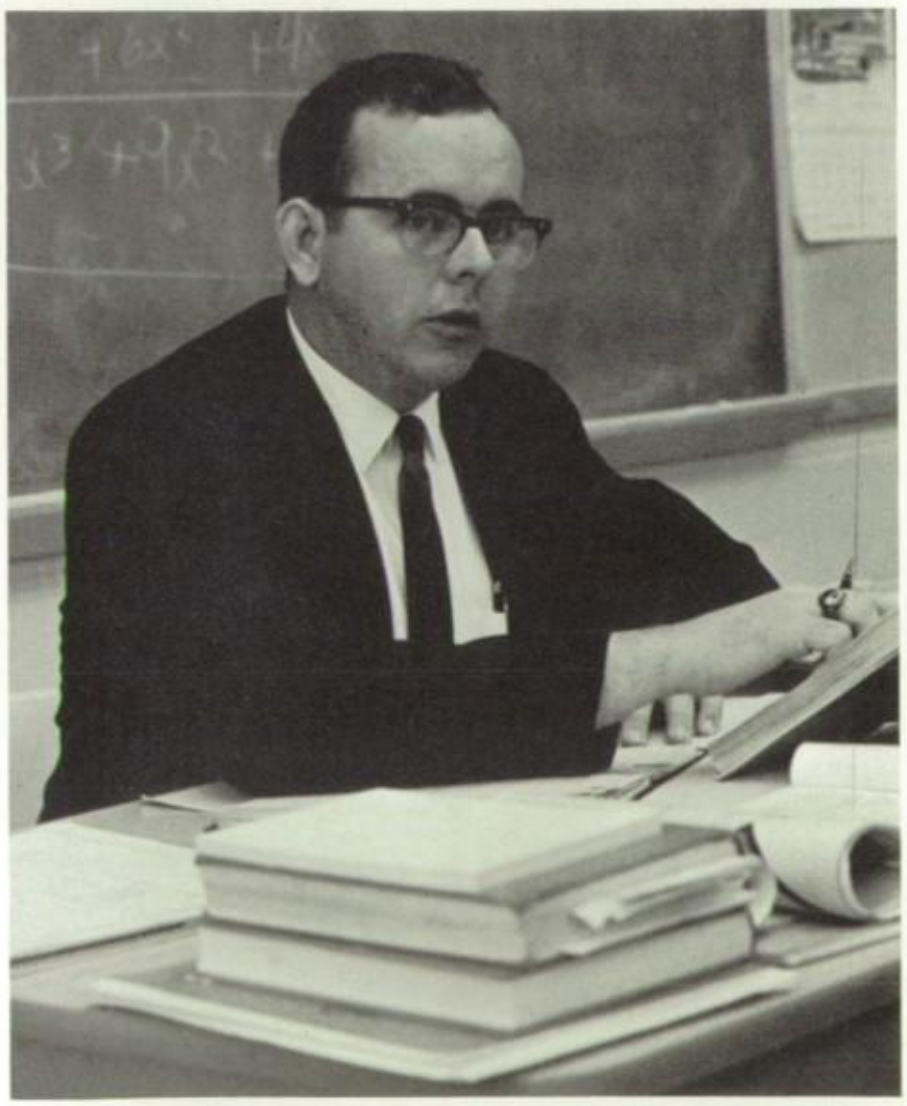
The cycle of life is revealed through microscopic study of the various species obtained. This science deals with the origin, history, physical characteristics, and habits of animals and plants.

Some dissecting is done in the lab in order to closely examine and analyze life processes.

Mrs. Fulton uses special equipment for many class demonstrations.

Mathematics

Mr. Rice discusses a problem with the class.



Mr. Rice teaches Math. The objectives he tries to instill in his students are: recognition of the need for mathematics, a desire for improvement in their mechanical skill, and a knowledge of thought processes.

This year the textbook was updated to more nearly coincide with a modern course of study.

Mr. Frey, a new addition to the faculty, has proved to be a valuable asset to the Highland Music Department.

Under Mr. Frey, Marching Band was a challenge. Attempting to meet his high standards was hard work, but the eagerness to please made it fun.

The Highland Pep Band excelled others of past years. Spectators enjoyed their fine performances, for not only did they entertain, but they roused school spirit also.

Concert Band, although not the best in Highland's history, set goals for itself, and attained some of them.

This aspect of school life was one of the highlights of the school year.

Class Officers Head Sophomore Activities

At the beginning of the school year the Class of '70 entered the halls of Highland for another ambitious year. At the first meeting the following officers were installed--President, Richard Myser; V. President, Duanne Shinaberry; Secretary, Linda Kempton; Treasurer, Peggy Ebersole; and Terri House and Steve Buck for Student Council.

Our major projects were our dance and candle sales. Both of these were successful and we made a total of $517.22.

Several members of our class were active in sports in the fields of cheerleaders and Reserve Basketball players.

This sums up our extra-curricular activities, and we look forward to those of next year.

Debbie and Helen make "fun" talk with Mr. and Mrs. Elford while Mark dances to the beat.

As They Laugh, Cry, Play, and Socialize

"Hey! Over Here!" Cries Sharon and Bonnie in an exciting volleyball game.

Don, Mike, Steve, Bill, Rod, and Ronnie "mix-it-up" a little in the gym class games.

"No blood, no sweat!" really, Correl.--The Health nurse prepares her for the shot anyway.

Sharon, Judy, and Joan have lunch and a noontime visit.

Dances prove fun!!!

Junior High School band involves many hours of practicing, understanding concert arrangements, rhythm studies, and marching.

Members learn formations of high school marching in preparation for future years on the Highland marching band.

Two concerts were given, combining the Chesterville and Marengo Junior Highs.

Students gain a better understanding of music by participating in the Junior High Band at Chesterville.
